

Lila's Game (The Memory Game)

For a rainy afternoon in the classroom or a sunny day outside best played with a large group!

1. Place 10 or 15 items on a tray (there are some suggestions below!) or you could theme the items to a topic you are covering.

a feather, a pebble, a shell, a sweet, a balloon, a leaf, some ribbon, an umbrella, a picture

2. Working in teams or individually, let all the teams/players have a good look at the tray (for maybe a minute) and then cover it with a cloth.
3. Ask each players/team to write down (or draw pictures) of what was on the tray.
4. The winner is the person or team who remembers the most items!
5. You could also try seeing how quickly you can remember what's on the tray (against the clock) fastest wins!

We'd love to see the results of your time please send us your pictures to: hello@tutti-frutti.org.uk
