

## Snow Child hot chocolate with a snowman lolly

Mum and Dad dream about making their child a big mug of hot chocolate with marshmallows and a great thick blanket of cream! Here's how to make your own hot chocolate with a snow man lolly on the side!

What you'll need:

For the hot chocolate (4 mugs)

- 100g cooking chocolate
- 700 ml full fat milk
- Whipped cream (to serve - optional)

For the snowman lolly

- Marshmallows
- Lolly sticks or skewers
- Icing pens
- Giant chocolate buttons and Rolo's (optional decoration!)

What you need to do:

For the hot chocolate

- Break the chocolate into small pieces.
- Bring the milk to a simmer in a pan (with the help of a grown up) and then add the chocolate and whisk until melted.
- Pour into mugs and top with whipped cream.

For the Snowman lollies

- Thread three marshmallows onto your lolly stick or skewer
- Draw on eyes and a mouth with your Icing pen.
- Either draw on the nose or get a grown up to make a cut into the marshmallow and use a sliver of chocolate button.
- Make a hat from a giant chocolate button and a rolo (stuck together with icing)
- Yum yum!
