

Summer and Winter Drawings

In our version of the Snow Queen the scenes move between summer and winter as Kai and Gerda grow up. When creating the show our lighting and set designers create designs of what each season will look like. Why don't you create your own?

Draw one picture showing Kai and Gerda in the summer and one in the winter.

In the summer Kai, Gerda and her Grandama enjoy the roses on thier balcony.

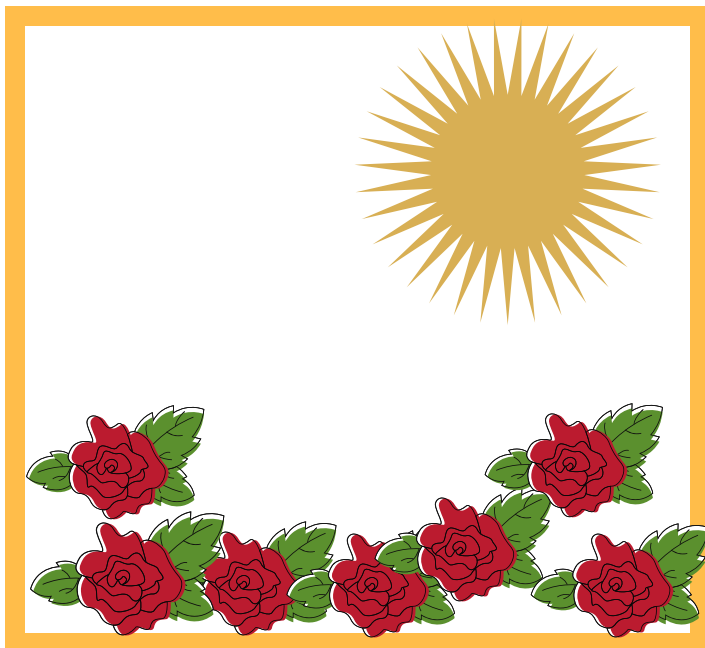

In the winter Gerda sets off on her journey to save her friend.

Summer

Winter
